Co-founder

May 2013 - Present

CiviCooP is a coöperative organization. We support our customers with CiviCRM be it implementation, project management, customization, training, integration or general support. And we have a helpdesk that will answer your call during office hours.

We also aim to provide a front end so smaller companies or independent consultants with CiviCRM knowledge can coöperate and profit from each others knowledge and experience.

Co-owner (project manager, CiviCRM/Drupal developer)

March 2005 - Present

Samen met Erik Brouwer vorm ik EE-atWork. Wij ondersteunen met name woningcorporaties bij tal van projecten. Dat doen we in de rol van project manager, coach of trainer en met het implementeren van en ontwikkelen met Drupal en CiviCRM (Open Source CMS en CRM).

EE-atWork is lid van CiviCooP, een coöperatie die non-profit organisaties ondersteunt bij het gebruiken, implementeren en ontwikkelen van CiviCRM.
